This Notice of Lodging is accompanied by the attached proposed Stipulated Order entered into by the United States of America, on behalf of its Environmental Protection Agency (“EPA”), the State of Mississippi, on behalf of its Department of Environmental Quality (“MDEQ”), and the City of Jackson, Mississippi (“City”).

The proposed Stipulated Order puts the operation of the City’s sewer system under the control of the Interim Third-Party Manager who is already overseeing the City’s drinking water system. The Stipulated Order requires the Interim Third-Party Manager to perform substantial work to address problems plaguing the City’s sewer system. The work required includes addressing more than 200 emergency sewer failure locations (many resulting in sanitary sewer overflows), prohibited bypasses of treatment prior to discharging water into the Pearl River, and implementation of Management, Operations, and Maintenance Programs. The Stipulated Order is intended to put the City on a pathway to compliance with the Clean Water Act and the

Mississippi Air and Water Pollution Control Law. The proposed Stipulated Order does not resolve any claims or non-compliance with the 2013 Clean Water Act Consent Decree.

The Parties do not seek any immediate action by the Court on this filing. The Justice Department will publish notice of this proposed Stipulated Order in the Federal Register, which will commence the public comment period. The public comment period will close August 31, 2023. Any comments must be submitted or post-marked by August 31, 2023.

At the conclusion of the public comment period, the United States will: (i) file with the Court any written comments received pertaining to the proposed Stipulation; and (ii) either notify the Court of its withdrawal of the proposed Stipulated Order or respond to comments received and file a Motion asking the Court to approve the stipulation embodied in the proposed Stipulated Order.

Respectfully submitted,

Dated: July 26, 2023
